"SEC. 10 The permanent investment of funds shall be in martgages or liens on UNENOUMBERED REAL ESTATE WORTH DOUBLE THE AMOUNT LOANED."

We would also call attention to the rights secured in policy as part of the contract.

Rights of party to non forfeiture in all its policies.

Bights of party to re-instatement—paid up policy, and surrender value where "interwention of armies" or any other cause outs the insured off from home office. This feature, omitted in policies of Northern companies, cost the Senthern people very heavily in the late war, and should make them seek the only company that provides against much contingency in fatre. Some companies now have in their policies, that parties who "take up arms against" exitain mamed States, "or the United States," render their policy null and void. This is making certain what was before uncertain, and is too great a mingling of polities, war and life insurance.

"THE PIEDMONT AND ARLINGTON" has a model charter and model policy, plainly state rights of parties and guarding those rights against sacrifice.

It gives dividends at the end of the first year, when all cash is paid, and of second year, when part less is taken. The all cash plan is unreservedly recommended as in every way most estisfactory.

We now confidently appeal to every one interested in Southern prosperity to look to their own interests, by sustaining their own institutions, and thereby establishing that self confidence without which there can be no permanent prosperity. Bean in mind that already over \$10,000,000 dre danually sent North for Life Insurance, taking so much from our alreagth, and thereby giving additional power to our competitors.

We offer a solid, reliable Life Insurance Company, thoroughly Southern, in the hands of thea of the highest integrity, with abundant assets, recent risks, the most secure of all investments, pledged to refain within the State of South Carolina all funds according therein, and indeed, presenting every advantage that can be desired; and we only ask a full exa
